Entered according to Act of Congress, in the year

Office of the District Court for the Eastern
District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURE!
PEPSIN

THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED BY from Remmet or the fourth stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Bile, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

Half a teaspoonful of Pepsin, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours out of the stomach.

Pepsin is the chief element, or Great Digestive Principle of the Gastric Juice, and the only one.

[illegible]

Baron Liebig in his celebrated work on *Animal Chemistry*, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and dissolved, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, 1868, 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Phyriac

Professor Dumphison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. He presents with Dr. Beaumont, on the Gastric Juice, obtained from the living stomach, and from animal materials, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed

It is now universally admitted that it may be:
 1. In the secondary work on Physiology, which is
 in the Library of the College, as well as in the
 in all the Colleges, is full of evidence, similar to
 respecting the remarkable Digestive power of Pepsin,
 the fact that it may be readily separated from the stomach,
 of the calf or ox, and used for experiments in Artificial
 Digestion, or as a remedy for disease of the Stomach, and
 deficient secretion of Gastric Juice.
 2. All modern works on Chemistry, Materia Medica, and
 Physiology, and all good Medical Dictionaries, describe the
 character and properties of Pepsin, and state many inter-
 esting details respecting it.
 The fact that, an Artificial Digestive Fluid, or Gastric

AS A DYSPEPSIA CURE,
Dr. Hovenden's PEPsin has produced the most marvellous
success in curing cases of Debility, Emaciation, Nervous
Dyspepsia, and Consumption. It is impossible
to give the details of the limits of this advertisement;
but authenticated certificates have been written by
more than Two Hundred Remarkable Cures in Philadelphia,
New York, and Boston alone. These were made

all desperate cases, and the cure were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for its tendency to Bilious disorder, Liver complaint, Fever and Ague, its tendency to easily induce a sound Sleep, its efficacy in Quinine, Mercury, and other discharges upon the Digestive Organ, after a long sickness. Also for its power to calm the mind and the too free use of noxious spirits. It almost recovers the health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single

note resembles all the important symptoms; and it is therefore to be repeated for a short time to make these symptoms disappear. Good and Vigor of the Blood will then follow at once. It is particularly useful in the treatment of Dropsy, Vomiting, Cramps, Soreness of the pit of the stomach, Dizziness after eating, low, cold state of the Blood, Headaches, Lowness of Spirits, Dequency, Excitation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's *Extrakt* is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians may be obtained

ed by Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

Observe this: Every bottle of the genuine FRANK'S has the written signature of J. S. HANCOCK, M.D. sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

The Editor said, Dec. 31: "Dr. Woodard's celebrated German Bitters, for the cure of Liver Complaint, Indigestion, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. The Bitters have been used by me, and a friend, a number of years, and I have personally received an extraordinary permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the

tion constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and can be used by persons with the most delicate stomachs, and will not sicken or offend. We offer it to you as the result of our own experience, and to the afflicted we advise their use.

SCOTT'S EMULSION.

Of the best literary papers published, vol. 2, August 1876, Dr. Hoor's Essay on Emulsion, manufactured by Dr. Jackson, is now recommended by some of the most eminent members of the Society, as an article of much service in cases of female weakness. As such is the case, would advise all mothers to obtain a bottle, and thus themselves much service. Persons of delirious con-

That this medicine will cure Liver Complaint and Dropsy, no one can doubt, were using it directed. It is specifically upon the stomach and liver—it is preferred in colic in all bilious diseases—the effect is manifest. They can be administered to Females or Infants.
